

- **1. The first part of the text (lines 1-4) describes the general situation of the company. The main problem is the lack of resources, which is caused by the high costs of production and the low price of the product.**
- **2. The second part of the text (lines 5-8) discusses the reasons for the problem. The main reason is the high cost of raw materials, which is due to the increase in the price of oil. Another reason is the low efficiency of the production process.**
- **3. The third part of the text (lines 9-12) presents the proposed solution. The company should reduce the cost of raw materials by negotiating with the suppliers. Additionally, the production process should be optimized to reduce waste and improve efficiency.**
- **4. The fourth part of the text (lines 13-16) explains the expected results of the solution. It is expected that the company will be able to reduce its costs and increase its profit. This will allow the company to remain competitive in the market.**
- **5. The fifth part of the text (lines 17-20) concludes the report. It states that the proposed solution is feasible and should be implemented as soon as possible. The company should also monitor the market and adjust its strategy accordingly.**

Questions for Oral Answers

1. **What is the main problem of the company? What are the causes of this problem?**
2. **What are the reasons for the high cost of raw materials? How can the company reduce these costs?**
3. **What are the proposed solutions to the problem? How can the production process be optimized?**
4. **What are the expected results of the proposed solutions? How will the company benefit from these changes?**
5. **What are the main points of the report? What are the key recommendations?**
6. **What are the main challenges the company faces? How can these challenges be overcome?**
7. **What are the main advantages of the proposed solutions? How can these advantages be maximized?**
8. **What are the main risks of the proposed solutions? How can these risks be minimized?**
9. **What are the main conclusions of the report? What are the key takeaways?**
10. **What are the main recommendations of the report? How can these recommendations be implemented?**
11. **What are the main points of the report? What are the key recommendations?**
12. **What are the main challenges the company faces? How can these challenges be overcome?**
